

News From Miss Rachael's Year 5/6 Class!

**The last term of 2019! This term will be busy until we go on camp, and then have Christmas activities.
Notes will be coming out about camp soon.**

Literacy Foci:

- Increasing our reading comprehension skills, and working on gathering information from multiple sources, and writing it in our own words.

Numeracy foci:

- Introduction to algebra, converting 12 and 24-hour time, and begin to look at statistics and probability.

Other topics we will cover:

- We will be studying energy and the transferring of energy in Science
- In Business and Economics we will be looking at the trade-offs that we make in our day to day life. We will be doing a project on ethical consumer decisions.

You can help at home by:

- Reading at home and asking your student comprehension questions about the text.
- Practice their times tables board games each night.

Please ensure that your student has these items each day:

- A drink bottle
- A hat and sunscreen
