Wednesday, 18th March, 2020

Dear Parent/Caregiver,

No Mobile Phones- Primary Students (Reception- Year 6)

I wish to thank you all for your continual support of our school and students.

Due to the disruption to teaching and learning caused by the bringing to school and use of mobile phones by our students in our primary school, we have made a decision as a school staff team to ban the bringing to school of mobile phone devices and its use.

We have also had some issues which has resulted from the bringing to school and use of these devices and to create a conducive learning environment for all our students this decision has to be made.

As a school, we would like parents/caregivers to support their children to keep their mobile phone devices home and not bring them to school.

This ban will take immediate effect **(from Thursday, 19th March, 2020)**

As a school we recognise the importance of parents/caregiver communication with their children during school hours and so this can be facilitated through our front office.

Please contact me if you require any further clarification or information.

Yours Sincerely,

Mr Maurice Saah

Principal
